333.21513 Owner, operator, and governing body of hospital; responsibilities and duties generally.

Sec. 21513. The owner, operator, and governing body of a hospital licensed under this article:

(a) Are responsible for all phases of the operation of the hospital, selection of the medical staff, and quality of care rendered in the hospital.

(b) Shall cooperate with the department in the enforcement of this part, and require that the physicians, dentists, and other personnel working in the hospital who are required to be licensed or registered are in fact currently licensed or registered.

(c) Shall assure that physicians and dentists admitted to practice in the hospital are granted hospital privileges consistent with their individual training, experience, and other qualifications.

(d) Shall assure that physicians and dentists admitted to practice in the hospital are organized into a medical staff to enable an effective review of the professional practices in the hospital for the purpose of reducing morbidity and mortality and improving the care provided in the hospital for patients. The review shall include the quality and necessity of the care provided and the preventability of complications and deaths occurring in the hospital.

(e) Shall not discriminate because of race, religion, color, national origin, age, or sex in the operation of the hospital including employment, patient admission and care, room assignment, and professional or nonprofessional selection and training programs, and shall not discriminate in the selection and appointment of individuals to the physician staff of the hospital or its training programs on the basis of licensure or registration or professional education as doctors of medicine, osteopathic medicine and surgery, or podiatry.

(f) Shall assure that the hospital adheres to medical control authority protocols according to section 20918.

(g) Shall assure that the hospital develops and maintains a plan for biohazard detection and handling.

333.21532 Acknowledgment of parentage.

Sec. 21532. (1) A hospital shall provide to an unmarried mother of a live child born in that hospital an acknowledgment of parentage form that can be completed by the child's mother and father to acknowledge paternity of the child as provided in the acknowledgment of parentage act. The hospital shall provide to the parents the information developed as required by subsection (2) on the purpose and completion of the form and on the rights and responsibilities of the parents. Execution of an acknowledgment of parentage as provided in the acknowledgment of parentage act establishes the child's legal paternity. The hospital shall forward a completed acknowledgment of parentage to the state register for recording.

(2) The department shall develop and distribute free of charge to hospitals the acknowledgment of parentage form, the information on the purpose and completion of the form, and the information on the rights and responsibilities of the parents. The hospital shall provide assistance and training to hospital staff assigned responsibility for obtaining the forms, as appropriate. The acknowledgment of parentage form and information shall clearly state that completion of the form is voluntary on the part of the mother and father, and shall include all of the notices as provided in section 7 of the acknowledgment of parentage act. The hospital shall provide each parent with a copy of the completed form.

(3) A hospital is immune from civil or criminal liability for providing the form required by this section, the information developed as required by this section, or otherwise fulfilling its duties under this section.

333.21551 Temporary delicensure of beds; extension; form and contents of application; amended application; alternative use of space; plans; relicensing of beds; automatic and permanent delicensing; bed inventory; transfer of beds; use of beds to comply with bed reduction plan prohibited; definitions.

Sec. 21551. (1) A hospital licensed under this article and located in a nonurbanized area may apply to the department to temporarily delicense not more than 50% of its licensed beds for not more than 5 years.

(2) A hospital that is granted a temporary delicensure of beds under subsection (1) may apply to the department for an extension of temporary delicensure for those beds for up to an additional 5 years to the extent that the hospital actually met the requirements of subsection (6) during the initial period of delicensure granted under subsection (1). The department shall grant an extension under this subsection unless the department determines under part 222 that there is a demonstrated need for the delicensed beds in the subarea in which the hospital is located. If the department does not grant an extension under this subsection, the hospital shall request relicensure of the beds pursuant to subsection (7) or allow the beds to become permanently delicensed pursuant to subsection (8).

(3) Except as otherwise provided in this section, for a period of 90 days after January 1, 1991, if a hospital is located in a distressed area and has an annual indigent volume consisting of not less than 25% indigent patients, the hospital may apply to the department to temporarily delicense not more than 50% of its licensed beds for a period of not more than 2 years. Upon receipt of a complete application under this subsection, the department shall temporarily delicense the beds indicated in the application. The department shall not grant an extension of temporary delicensure under this subsection.

(4) An application under subsection (1) or (3) shall be on a form provided by the department. The form shall contain all of the following information:

(a) The number and location of the specific beds to be delicensed.

(b) The period of time during which the beds will be delicensed.

(c) The alternative use proposed for the space occupied by the beds to be delicensed.

(5) A hospital that files an application under subsection (1) or (3) may file an amended application with the department on a form provided by the department. The hospital shall state on the form the purpose of the

amendment. If the hospital meets the requirements of this section, the department shall so amend the hospital's original application.

(6) An alternative use of space made available by the delicensure of beds under this section shall not result in a violation of this article or the rules promulgated under this article. Along with the application, an applicant for delicensure under subsection (1) or (3) shall submit to the department plans that indicate to the satisfaction of the department that the space occupied by the beds proposed for temporary delicensure will be used for 1 or more of the following:

(a) An alternative use that over the proposed period of temporary delicensure would defray the depreciation and interest costs that otherwise would be allocated to the space along with the operating expenses related to the alternative use.

(b) To correct a licensing deficiency previously identified by the department.

(c) Nonhospital purposes including, but not limited to, community service projects, if the depreciation and interest costs for all capital expenditures that would otherwise be allocated to the space, as well as any operating costs related to the proposed alternative use, would not be considered as hospital costs for purposes of reimbursement.

(7) The department shall relicense beds that are temporarily delicensed under this section if all of the following requirements are met:

(a) The hospital files with the department a written request for relicensure not less than 90 days before the earlier of the following:

(i) The expiration of the period for which delicensure was granted.

(ii) The date upon which the hospital is requesting relicensure.

(iii) The last hospital license renewal date in the delicensure period.

(b) The space to be occupied by the relicensed beds is in compliance with this article and the rules promulgated under this article, including all licensure standards in effect at the time of relicensure, or the hospital has a plan of corrections that has been approved by the department.

(8) If a hospital does not meet all of the requirements of subsection (7) or if a hospital decides to allow beds to become permanently delicensed as described in subsection (2), then all of the temporarily delicensed beds shall be automatically and permanently delicensed effective on the last day of the period for which the department granted temporary delicensure.

(9) The department shall continue to count beds temporarily delicensed under this section in the department's bed inventory for purposes of determining hospital bed need under part 222 in the subarea in which the beds are located. The department shall indicate in the bed inventory which beds are licensed and which beds are temporary delicensed under this section. The department shall not include a hospital's temporarily delicensed beds in the hospital's licensed bed count.

(10) A hospital that is granted temporary delicensure of beds under this section shall not transfer the beds to another site or hospital without first obtaining a certificate of need.

(11) A hospital that has beds that are subject to a hospital bed reduction plan or to a department action to enforce this article shall not use beds temporarily delicensed under this section to comply with the bed reduction plan.

(12) As used in this section:

(a) "Distressed area" means a city that meets all of the following criteria:

(i) Had a negative population change from 1970 to the date of the 1980 federal decennial census.

(ii) From 1972 to 1989, had an increase in its state equalized valuation that is less than the statewide average.

(iii) Has a poverty level that is greater than the statewide average, according to the 1980 federal decennial census.

(iv) Was eligible for an urban development action grant from the United States department of housing and urban development in 1984 and was listed in 49 F.R. No. 28 (February 9, 1984) or 49 F.R. No. 30 (February 13, 1984).

(v) Had an unemployment rate that was higher than the statewide average for 3 of the 5 years from 1981 to 1985.

(b) "Indigent volume" means the ratio of a hospital's indigent charges to its total charges expressed as a percentage as determined by the department of social services after November 12, 1990, pursuant to chapter 8 of the department of social services guidelines entitled "medical assistance program manual".

(c) "Nonurbanized area" means an area that is not an urbanized area.

(d) "Urbanized area" means that term as defined by the office of federal statistical policy and standards of the United States department of commerce in the appendix entitled "general procedures and definitions", 45 F.R. p. 962 (January 3, 1980), which document is incorporated by reference.

333.21552 Hospital transition assistance program; purpose; elements; feasibility study; financing; advisory committee; report.

Sec. 21552. (1) The department, in cooperation with the state hospital finance authority, the office of health and medical affairs, and other state agencies considered appropriate by the department, shall develop recommendations regarding the appropriateness and feasibility of a state hospital transition assistance program to provide voluntary assistance to hospitals wanting to close, convert, or consolidate their facilities with another hospital, in order to eliminate excess capacity in a way that would maintain common access to critical health care services and assist displaced employees.

(2) The hospital transition assistance program described in subsection (1) shall include at least the following elements:

(a) Assistance in retiring all or some appropriate portion of the principal and interest applicable to the outstanding debt of a hospital applying to participate in the program.

(b) Assistance, through relocation or retraining, to workers displaced as a result of a hospital closure, conversion, or consolidation under the program.

(c) Maintenance of community access to critical health care services, especially for the uninsured and the underinsured, that might be endangered as a result of assistance provided under this program.

(d) As appropriate to hospitals wanting to close, convert, or consolidate, assistance with license termination, cessation of operations, and disposition of assets to help defray the outstanding indebtedness of a hospital applying to participate in the program.

(3) The state hospital finance authority, after consultation with experts knowledgeable about the approaches listed in this section, shall contract for a study of the feasibility of the hospital transition assistance program elements as described in subsection (2). The feasibility study shall include at least all of the following information:

(a) The outstanding hospital bonded indebtedness and associated interest for all the hospitals in this state and the amounts payable in principal and interest per year until the bonds are retired.

(b) The financial benefits and costs to the state, health care purchasers, and other hospitals of assisting in defraying portions of that indebtedness and interest according to the different possible options.

(c) Criteria for prioritizing assistance to hospitals applying to participate in the program.

(d) Options for, and estimated benefits and costs of, providing relocation and retraining assistance to workers displaced by a hospital closure, conversion, or consolidation assisted by the program.

(e) In cases of proposed conversions or consolidations, the possibility of including a requirement that the assistance will result in a net reduction of beds at least equal to the number licensed to the hospital applying to participate in the program.

(f) Interest among hospitals and purchasers regarding participation in the program.

(4) The state hospital finance authority may expend up to \$250,000.00 from its operating fund to finance the feasibility study described in subsection (3) and to staff the advisory committee created in subsection (5).

(5) An advisory committee appointed by the director shall react to and comment on the feasibility study developed pursuant to subsection (3), and report to the governor and legislature on the appropriateness of pursuing the options described in the feasibility study. The committee shall be composed of 15 members equally divided among representatives of health consumers, health providers, and purchasers of health care.

(6) The feasibility study required under subsection (3) shall be completed within 9 months after the effective date of the contract for the feasibility study. The advisory committee established under subsection (5) shall submit its report to the governor and the legislature not later than 4 months after the advisory committee receives the feasibility study.

333.21561 Application for designation as rural community hospital; use of term "rural community hospital"; definition.

Sec. 21561. (1) After the effective date of the rules required under section 21563, a hospital with fewer than 100 licensed beds located in a nonurbanized area that is either licensed on or before the effective date of this section or is licensed after the effective date of this section and is located in a county that did not have a hospital on the effective date of this section may apply to the department for designation as a rural community

hospital.

(2) The term “rural community hospital” shall not be used to describe or refer to a health facility or agency unless the health facility or agency is designated as a rural community hospital by the department.

(3) As used in this section, “nonurbanized area” means that term as defined in section 21551.

History: Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

Popular name: Act 368

333.21562 Rural community hospital as limited service hospital; delivery of basic acute care services; rules implementing part; agreement to participate in medicaid program; definition; participation in federal medicare program; appointment, membership, and purpose of ad hoc advisory committee; transfer agreement.

Sec. 21562. (1) A hospital designated as a rural community hospital under section 21561 shall be a limited service hospital directed toward the delivery of not more than basic acute care services in order to assure appropriate access in the rural area.

(2) The rules promulgated to implement this part shall require that a hospital designated as a rural community hospital under section 21561 shall provide no more than the following services:

- (a) Emergency care.
- (b) Stabilization care for transfer to another facility.
- (c) Inpatient care.
- (d) Radiology and laboratory services.
- (e) Ambulatory care.
- (f) Obstetrical services.
- (g) Outpatient services.
- (h) Other services determined as appropriate by the ad hoc advisory committee created in subsection (5).

(3) A rural community hospital shall enter into an agreement with the department of social services to participate in the medicaid program. As used in this subsection, “medicaid” means that term as defined in section 22207.

(4) A rural community hospital shall meet the conditions for participation in the federal medicare program under title XVIII of the social security act.

(5) Not later than 3 months after the effective date of this section, the director shall appoint an ad hoc advisory committee to develop recommendations for rules to designate the maximum number of beds and the services to be provided by a rural community hospital. In developing recommendations under this subsection, the ad hoc advisory committee shall review the provisions of the code pertaining to hospital licensure in order to determine those provisions that should apply to rural community hospitals. The director shall direct the committee to report its recommendations to the department within 12 months after the committee is appointed. The ad hoc advisory committee shall be appointed as follows:

(a) Twenty-five percent of the members shall be representatives from hospitals with fewer than 100 licensed beds.

(b) Twenty-five percent of the members shall be representatives from health care provider organizations other than hospitals.

(c) Twenty-five percent of the members shall be representatives from organizations whose membership includes consumers of rural health care services or members of local governmental units located in rural areas.

(d) Twenty-five percent of the members shall be representatives from purchasers or payers of rural health care services.

(6) A hospital designated as a rural community hospital under section 21561 shall develop and implement a transfer agreement between the rural community hospital and 1 or more appropriate referral hospitals.

333.21563 Rules for designation of rural community hospital, maximum number of beds, and services; showing designation on license; licensing and regulation of rural community hospital; applicable provisions of part 222; differential reimbursement.

Sec. 21563. (1) The department, in consultation with the ad hoc advisory committee appointed under section 21562, shall promulgate rules for designation of a rural community hospital, maximum number of beds, and the services provided by a rural community hospital. The director shall submit proposed rules, based on the recommendations of the committee, for public hearing not later than 6 months after receiving the

report under section 21562(5).

(2) The designation as a rural community hospital shall be shown on a hospital's license and shall be for the same term as the hospital license. Except as otherwise expressly provided in this part or in rules promulgated under this section, a rural community hospital shall be licensed and regulated in the same manner as a hospital otherwise licensed under this article. The provisions of part 222 applicable to hospitals also apply to a rural community hospital and to a hospital designated by the department under federal law as an essential access community hospital or a rural primary care hospital. This part and the rules promulgated under this part do not preclude the establishment of differential reimbursement for rural community hospitals, essential access community hospitals, and rural primary care hospitals.

333.21564 Waiving applicability of specified licensure requirement; conditions; application for waiver; form; duration of waiver; definition.

Sec. 21564. (1) Upon request of a hospital with less than 100 beds located in a nonurbanized area, the department may waive the applicability of a specified licensure requirement if the department determines that strict compliance with the licensure requirement is not necessary to protect the public health, safety, and welfare in light of the health care provided by or in the hospital. The department may impose conditions upon a waiver under this section to protect the public health, safety, and welfare.

(2) An application for a waiver under this section shall be on a form provided by the department.

(3) A waiver granted by the department under this section shall not exceed 2 years, except that the department may renew the waiver for subsequent periods if the hospital continues to meet the requirements of this section.

(4) As used in this section, "nonurbanized area" means that term as defined in section 21551.
